A diverse legal practice and broad depth of experience allows David Slough to solve problems for his business clients as they grow and expand. From assisting with the formation of a business, closing a commercial real estate transaction, resolving contract disputes, negotiating leases or litigating complex business disputes, David's practice touches on most aspects of his clients' business. This allows his clients to focus on the day to day operations of their business while having a lawyer who understands their business to lead them through each new challenge.
