Webinar

10.28.2021 | 11:30 a.m. - 12:15 p.m. (EDT)

Nexsen Pruet's latest webinar series focuses on Life Sciences companies in the Carolinas. These webinars will concentrate on various legal and regulatory issues that Life Sciences companies deal with on a daily basis. They are also designed to provide updates and strategies on how to deal with these issues.

Session 7 | Understanding Clinical Research Framework and Challenges in the Life Sciences Industry

→ Presented by: Matthew Roberts of Nexsen Pruet and Rakel Meir of Biogen

Thursday, October 28, 2021 | 11:30 a.m.-12:15 p.m. (EDT)

Join Nexsen Pruet attorney Matthew Roberts and Biogen's Rakel Meir for session 7 of our Life Sciences Webinar series. Matthew and Rakel will discuss the regulatory framework for clinical research in the life science industry. They will also identify some of the challenges and risks faced by life sciences companies during the clinical research process as well as the potential future of clinical research during and after the pandemic. Register now!
