

MACKRELL INTERNATIONAL LONDON TO PARIS BIKE RIDE

RIDE 240 MILES FROM LONDON TO PARIS FOR CHARITY. SEPTEMBER 21-25, 2016

NEXT CHALLENGE. NEXT LEVEL.

NEXSEN | PRUET

MACKRELL
INTERNATIONAL

Cystic fibrosis is a life-threatening, genetic disease that causes persistent lung infections and progressively limits the ability to breathe.

Larchfield is a response to the desperate plight of Tanzanian children who have been abandoned. The objective is to build and operate a children's home, initially for 50 children, but phased to accommodate eventually up to 300. The project will also include a medical dispensary and a center for vocational training in agriculture.

Law firms in the Mackrell International Network, including Nexsen Pruet, have teamed up with Pie Events to offer this exciting and unique opportunity to raise awareness and funds for these charities in the UK and France.

Join us as we ride 240 miles from London to Paris for these two important causes. Our ride, supported by guides, mechanics and medics, will reach Paris during the "Virades de L'espoir" fund raising weekend.

For more information on how to be part of the ride, please contact David Dubberly at ddubberly@nexsenpruet.com
